

JOHN'S PLACE LOOKING FOR CHEF- WEST COAST SWEDEN

About us

Welcome to John's Place! Welcome to the low, weatherly wooden house in the middle of Apelviken's beach in Varberg, so close to the ocean that the window glass is covered by sea water when the breeze comes in from the west. In summer, the line between outdoor and indoor disappears and the terrace turns into a shady paradise under the tents. During the winter, the fireplace, a castle fireplace from 1903, warms up beautifully the place.

At John's, no trends are observed. The cozy atmosphere has been built during the 30 years that Dorthe Florin has owned the restaurant. Each lantern, each pillow, every stoneware plate, is carefully selected by Dorthe herself. That is how the style of John's place came to be, bit by bit, just like a lovingly decorated home.

To the summer 2023, we are looking for a talented Chef to join our team!
