Esbjerg commune offers consulting through their newcomer service: <https://energymetropolis.com/practical-information/useful-information/newcomer-service/>

Position as consulting doctor

As consulting doctor you will be a part of the daily interdisciplinary work with the other consulting doctors: patient related work (as wardrounds, out-patient clinics, quality and safety standards, research and development as well as teaching and education of younger colleagues). Specific areas of responsibility will be discussed depending on your qualifications and interests. After the introduction period, the job will contain shifts. You are expected to achieve a Danish consulting doctor authorization.

Wage and employment conditions

Wage and employment conditions are set according to existing collective agreement. Highly-paid employees and researchers, who are recruited from foreign countries, have the opportunity for a period of 60 months with a tax of nearly 32 percent, instead of making use of the normal Danish income tax.

Esbjerg

The center of the city is buzzy with many activities all year around and has an exciting mix of culture sites, shops and a big selection of different restaurants and cozy cafes. Esbjerg is a modern city in which the opportunity to try out new ideas is thriving. The city is used to welcoming new citizens and has a good set-up to help the newcomers. The Newcomer service helps families for fast adaption through among others a partner-job-service, overview of daycare facilities and school opportunities, establishment a network with other newcomers and an introduction to the areas many leisure activities.
