About the XL Group

It all started with a dream. A dream to fill the streets of Ålesund with happy guests, strolling between different meeting places and being served local dishes of exceptional quality. Through the XL Group – a successful and well-established restaurant group in constant development – this dream has slowly, but surely become a reality.

The XL Group consists of several individual restaurant concepts characterized by high quality and competence. We want to create meeting places where locals, tourists and businesses thrive and in premises offering inspiration, creativity and tasteful food and drinks. Each restaurant runs its own

concept and delivers this in a unique way. The restaurant concepts taking part in the XL Group are XL Diner, Happy Elefante, Milk Bar & Lounge, Kulinarisk Spiskammer, Foajé, and Food Company Catering.
