

# Combine industry experience and study an Industry MSc at DTU in Kalundborg

Are you looking to kick-start your career within pharmaceutical manufacturing and **biomanufacturing**?

We are hiring recent and soon-to-be **bachelor graduates** within **science, engineering, biotechnology, and chemistry**, for a **part-time** Process Engineer position, as part of the four-year Industry MSc with studyline in Biomanufacturing at DTU in Kalundborg.

## Millions rely on us

Become part of a global healthcare company of 53,000 employees and contribute to **drive change** for millions living with diabetes and other serious chronic diseases.

At Novo Nordisk Kalundborg, our 4,000 employees produce half of the world's insulin and several biopharmaceutical products. We are growing our manufacturing hub, and this is your opportunity to be part of our exciting journey. **Apply no later than June 1st, 2023.**
