

# Welcome to the south Germany

The [International and Specialized Services](#) is looking for applicants for the following position to join the production team in a fully integrated textile enterprise in the premium fashion segment, starting as soon as possible:

## Textile machinery operator (m/f/d)

### Your duties:

- ✓ Independent machine system operation and programming our highly modern, new generation Stoll flat knitting machines
- ✓ Work preparation, programming, set-up, production, quality assurance, maintenance,
- ✓ repair and servicing of equipment
- ✓ Duties involve a high level of responsibility and a variety of tasks

### Your profile:

- ✓ Completed training as a Production mechanic - Textiles (m/f/d)
- ✓ Experience with Stoll flat knitting machines desired
- ✓ Handling MS Office and M1plus software CMS, ideally fully fashioned
- ✓ Efficient and structured work method, confident and positive attitude, ability to work in a team
- ✓ Ability to complete shift work
- ✓ German fluency at B2 level desired, English-language skills

### What the position offers:

- ✓ From 36,000 EUR gross / year
- ✓ Permanent employment contract on a dynamic team and in a modern work environment
- ✓ Interesting development opportunities
- ✓ 5 days a week at 40 hours per week (shift work in some periods)
- ✓ Individual support available

### Work location: Erpfingen (Baden-Wuerttemberg)

The state of [Baden-Wuerttemberg](#), in the southwest of Germany, is one of the strongest and most competitive economic regions in Europe. The labor market is stable and the demand for qualified professionals in a variety of industries is consistently high.

The [Neckar-Alb](#) region south of the state capital of Stuttgart is considered one of Europe's strongest economic regions. It is shaped by a diverse corporate landscape of companies working in many different industries. The high quality of life the region enjoys is a result of its economic strength, combined with a varied landscape offering plenty of opportunities for rest and relaxation.
