**Job description (enter the actual advertisement text here, the text must not contain special characters or formatting)\*:**

**About the job**

We offer you interesting and permanent job, where you can apply your professionalism and craftsmanship with the latest methods, tools and versatile repair works in the field and damaged vehicles. The various tasks include repair works caused by accidents, major and demanding rebuilds following a serious crash and smaller dents to cars, vans and light trucks. We repair all brands and models in our repair jobs and about 50 000 vehicles annually.

**What we can offer to you**

We offer you competitive fixed monthly salary, benefits and free occupational health care. We also compensate your flight cost when arriving to Finland and help you to arrange accommodation and settle down. We also support you with all needed licenses and registrations that you need when you work in Finland. Your job wellbeing, continuous development and occupational safety are our top priorities. We also offer you multiple possibilities to study for free in our InCar Academy where you can study e.g. degree programs of the industry. In addition, our supportive and skillful team will provide you high quality onboarding and make sure that you get the strong start with your work.

**About you**

We wish that your work reflects professional pride and craftsmanship. You already have minimum of 5 years of experience from similar tasks. We also require the following skills:

- ability to repair damaged parts and areas by using various range of repair techniques. We highly prefer repairing damaged parts instead of replacing them whenever possible. This requires high quality of craftsmanship from our employees.
- ability to replace damaged parts e.g fenders or doors when needed
- skills to dismantle and reassemble the parts
- ability to use hydraulic tools and presses to realign damaged parts
- skills to repair dents and scratches using hand tools, grinders and sanders, and repair materials, such as body fillers
- ability to perform high quality plastic repairs and aluminium straightening
- valid driving license
- ability to communicate in occupational English
- occupational health enabling work tasks

We also appreciate if you have experience from electric vehicles and valid SFS6002 permit, but if not, we will arrange it for you.

# Job advertisement form

The items below will be published at the end of the job advertisement:

Possibility for accommodation: Yes/No                      Amount of rent**	Employer can help to arrange accommodation for employee.  Appr. 500-800 eur/month
Will travel costs be compensated: Yes/No	Yes

This employment complies with the legislation of Finland
