Our university hospital group, a major player in clinical research and innovation, offers a range of excellent care:

- More than 190 clinical and medico-technical services cover all the health needs of the population at every stage of life: women's and new-born health, childhood diseases heart and blood vessel diseases, pulmonology, digestive disease and oncology, nutrition, transplants, endocrinology, immunities, inflammations, cancers, neuro-locomotor, disabilities, neurosciences, orthopaedics, psychiatry and addiction, resuscitation, geriatrics...
- 6 adult and paediatric emergency departments receive nearly 240,000 patients each year.
- 2 level 3 maternities with gynaecological emergencies.
- It is the headquarters of the Urgent Medical Aid Service (SAMU) for the Hauts-de-Seine department and also operates 2 Mobile Emergency and Resuscitation Services (SMUR), one of which is paediatric.
- A cutting-edge medical-technical platform dedicated to diagnosis and interventional medicine completes this highly specialized care system.
- In partnership with the Universities of Paris-Saclay and Versailles-St-Quentin-en-Yvelines to which they are attached, these seven AP-HP establishments are actively involved in the training of medical staff.
- Four paramedical staff training institutes welcome more than 1,350 students each year.
