N. 5 SKILLED CONSTRUCTION WORKER

Employer

JEAS COSTRUZIONI SRL carries out public and private works in the civil, industrial, educational, tourist and hotel building sectors. It operates in the transport sector, particularly in the construction of roads, bridges, tunnels and underground works, and in the restoration, recovery, renovation and redevelopment of any type of building. It also carries out works in railway, airport and maritime sector as well as soil protection and consolidation.

The numerous activities carried out in these sectors have provided the company with technical and organisational resources, such as machinery, equipment, site managers and specialised workers, which enable it to guarantee adequate know-how and professionalism not only in the execution of works, but also in the management of the completed work.

The company has the following certificates:

- SOA (Società Organismi di Attestazione) category OG1 ranking II, OG2 ranking III, OG3 ranking V, OG4 ranking I

- UNI EN ISO 9001:2015

This wealth of experience and professionalism makes JEAS COSTRUZIONI SRL able to respond to high levels of competitiveness and the growing complexity of demand, offering the client the maximum advantage in terms of quality, cost containment and working time, even in the most complex projects.
