- **A second pre-financing payment** of 40% of the grant shall be paid to the Coordinator, within 60 calendar days from when the Commission receives the request for second pre-financing payment. If the statement on the use of the previous pre-financing instalment shows that the consumption of the previous pre-financing is less than 70%, the amount of the new-pre-financing payment must be reduced by the difference between the 70% ceiling and the amount used.
- **A third pre-financing payment**, representing 20% of the total grant within 60 calendar days from receipt by the Commission of a request for payment, a progress report on implementation of the action and detailed statement on the use of the previous pre-financing instalment. The Coordinator undertakes to make the payments pertaining the subject of this Agreement to the Co-Applicant in the same way, after receiving the payments from the European Commission.

The Co-Applicant shall submit a request for the payment of the balance within at least 30 days following the end of each reporting period.

In the case in which the actual expenses are lower than the budget indicate in the Grant Agreement, the Coordinator does not have any responsibilities for collecting this negative balance of the co-applicant.

ARTICLE 11 - BUDGET TRANSFERS

Beneficiaries allowed to adjust the estimated budget set out in Annex III of the Grant Agreement by transfers between themselves and between the different budget categories, if the action is implemented as described in Annex I. This adjustment does not require an amendment of the Grant Agreement as provided for in Article II.13, Annex II.

ARTICLE 12 - REJECTION OF INELIGIBLE COSTS

1. Ineligible costs to be rejected — Calculation — Procedure

Ineligible costs will be rejected in full, except for lump sum costs, which will be rejected proportionally to the tasks or parts of the specific action not implemented.

If the rejection of costs does not lead to a recovery, the Coordinator will formally notify the Co-applicant concerned of the rejection of costs, the amounts and the reasons why (if applicable, together with the notification of amounts due). The Co-applicant concerned may — within 15 calendar days of receiving notification — formally notify the Coordinator of its disagreement and the reasons why.

If the rejection of costs leads to a recovery, the Coordinator will follow the contradictory procedure with pre-information letter.

2. Effects

If the European Commission rejects costs at the time of an interim payment or the payment of the balance, the Coordinator will deduct them from the total eligible costs declared, for the action, in the periodic or final summary financial statement. The Coordinator will then calculate the interim payment or payment of the balance.

If the European Commission rejects costs after termination of the participation of a Co-applicant, the Coordinator will deduct them from the costs declared by the Co-applicant in the termination report and include the rejection in the calculation after termination

If the European Commission - after an interim payment but before the payment of the balance - rejects costs declared in a periodic summary financial statement, the Coordinator will deduct them from the total eligible costs declared, for the action, in the next periodic summary financial statement or in the final summary financial statement. It will then calculate the interim payment or payment of the balance. If the European Commission rejects costs after the payment of the balance, the Coordinator will deduct the amount rejected from the total eligible costs declared, by the Co-applicant, in the final summary financial statement. It will then calculate the revised final grant amount

ARTICLE 12 - REDUCTION OF THE GRANT

1. Conditions

The Coordinator may — after termination of the participation of a Co-applicant, at the payment of the balance or afterwards — reduce a specific grant, if:

- a) a Co-applicant (or a natural person who has the power to represent or take decisions on its behalf) has committed:
 - i. substantial errors, irregularities or fraud or
 - ii. serious breach of obligations under the Framework Partnership Agreement or a Specific Agreement or during the award procedure (including improper implementation of the specific action, submission of false information, failure to provide required information, breach of ethical principles) or
- b) a Co-applicant (or a natural person who has the power to represent or take decision on its behalf) has committed — in other EU grants awarded to it under similar conditions — systemic or recurrent errors, irregularities, fraud or serious breach of obligations that have a material impact on the specific grant

2. Amount to be reduced — Calculation — Procedure

The amount of the reduction will be proportionate to the seriousness of the errors, irregularities or fraud or breach of obligations.

Before reduction of the specific grant, the Coordinator will formally notify a ‘pre-information letter’ to the Co-applicant concerned:

- informing it of its intention to reduce the grant, the amount it intends to reduce and the reasons why and
- inviting it to submit observations within 15 calendar days of receiving notification.

If the Coordinator does not receive any observations or decides to pursue reduction despite the observations it has received, it will formally notify confirmation of the reduction (if applicable, together with the notification of amounts due).

3. Effects

If the Coordinator reduces the grant after termination of the participation of a Co-applicant, it will calculate the reduced grant amount for that partner and then determine the amount due to that Co-applicant.

If the Coordinator reduces the specific grant at the time of the payment of the balance, it will calculate the reduced grant amount for the specific action and then determine the amount due as payment of the balance.

If the Co-applicant reduces the specific grant after the payment of the balance, it will calculate the revised final grant amount for the partner concerned. If the revised final grant amount for the partner concerned is lower than its share of the final grant amount, the Coordinator will recover the difference.
