Co-Applicant is allowed to adjust the estimated budget by transfers between others Co-Applicants and between the different budget categories, if the action is implemented as described in Annex I (approved project). This adjustment does not require an amendment.

Co-Applicant may not add costs relating to subcontracts not already provided unless such additional subcontracts are approved by the Commission.

If the Co-Applicant want to change the value of the contribution, the Coordinator must request an amendment of the General Agreement to the European Commission.

ARTICLE 12 - REJECTION OF INELIGIBLE COSTS

1. Ineligible costs to be rejected — Calculation — Procedure

Ineligible costs will be rejected in full, except for lump sum costs, which will be rejected proportionally to the tasks or parts of the specific action not implemented.

If the rejection of costs does not lead to a recovery, the Coordinator will formally notify the Co-applicant concerned of the rejection of costs, the amounts and the reasons why (if applicable, together with the notification of amounts due. The Co-applicant concerned may — within 15 calendar days of receiving notification — formally notify the Coordinator of its disagreement and the reasons why.

If the rejection of costs leads to a recovery, the Coordinator will follow the contradictory procedure with pre-information letter

2. Effects

If the European Commission rejects costs at the time of an interim payment or the payment of the balance, the Coordinator will deduct them from the total eligible costs declared, for the action, in the periodic or final summary financial statement. The Coordinator will then calculate the interim payment or payment of the balance.

If the European Commission rejects costs after termination of the participation of a Co-applicant, the Coordinator will deduct them from the costs declared by the Co-applicant in the termination report and include the rejection in the calculation after termination

If the European Commission - after an interim payment but before the payment of the balance - rejects costs declared in a periodic summary financial statement, the Coordinator will deduct them from the total eligible costs declared, for the action, in the next periodic summary financial statement or in the final summary financial statement. It will then calculate the interim payment or payment of the balance.

If the European Commission rejects costs after the payment of the balance, the Coordinator will deduct the amount rejected from the total eligible costs declared, by the Co-applicant, in the final summary financial statement. It will then calculate the revised final grant amount

ARTICLE 13 - REDUCTION OF THE GRANT

1. Conditions

The Coordinator may — after termination of the participation of a Co-applicant, at the payment of the balance or afterwards — reduce a specific grant, if:

- a) a Co-applicant (or a natural person who has the power to represent or take decisions on its behalf) has committed:
 - i. substantial errors, irregularities or fraud or
 - ii. serious breach of obligations under the Framework Partnership Agreement or a Specific Agreement or during the award procedure (including improper implementation of the specific action, submission of false information, failure to provide required information, breach of ethical principles) or
- b) a Co-applicant (or a natural person who has the power to represent or take decision on its behalf) has committed — in other EU grants awarded to it under similar conditions — systemic or recurrent errors, irregularities, fraud or serious breach of obligations that have a material impact on the specific grant

2. Amount to be reduced — Calculation — Procedure

The amount of the reduction will be proportionate to the seriousness of the errors, irregularities or fraud or breach of obligations.

Before reduction of the specific grant, the Coordinator will formally notify a 'pre-information letter' to the Co-applicant concerned:

- informing it of its intention to reduce the grant, the amount it intends to reduce and the reasons why and
- inviting it to submit observations within 15 calendar days of receiving notification.

If the Coordinator does not receive any observations or decides to pursue reduction despite the observations it has received, it will formally notify confirmation of the reduction (if applicable, together with the notification of amounts due).

3 Effects

If the Coordinator reduces the grant after termination of the participation of a Co-applicant, it will calculate the reduced grant amount for that partner and then determine the amount due to that Co-applicant.

If the Coordinator reduces the specific grant at the time of the payment of the balance, it will calculate the reduced grant amount for the specific action and then determine the amount due as payment of the balance.

If the Co-applicant reduces the specific grant after the payment of the balance, it will calculate the revised final grant amount for the partner concerned. If the revised final grant amount for the partner concerned is lower than its share of the final grant amount, the Coordinator will recover the difference.
